

**Fiscal Year 2013 Boating Infrastructure Grant Program (Round 2)  
Description of Tier 2 projects recommended for funding**

<p><b>Bristol Maritime Center, Town of Bristol, Rhode Island</b></p> <p>The Rhode Island State Division of Fish and Wildlife will partner with the Town of Bristol to renovate and update the historic Naval Reserve Armory to serve as a public maritime center for the benefit of visiting transient boaters. The facility will provide laundry, restrooms with showers, storage and a variety of other amenities for eligible public users. In addition to the Maritime Center, the project also includes installation of 16 additional moorings for transient nontrailerable recreational vessels, and a dingy dock with fresh water.</p>	BIG Grant	\$ 861,028
	Non-Federal Match:	\$ 896,180
	Total Project Cost:	\$ 1,757,208
<p><b>Riviera Beach Marina Transient Docks, Riviera Beach, Florida</b></p> <p>The Florida Fish and Wildlife Conservation Commission will partner with the City of Riviera Beach, the local redevelopment agency and others to complete Phase II of the City Marina expansion. The project includes dockage for up to 26 eligible vessels, which will be installed to withstand a Category 3 hurricane. Additional features for the benefit of eligible boaters include utilities, a gangway, a fueling platform, fire suppression equipment, and communications infrastructure.</p>	BIG Grant	\$850,000
	Non-Federal Match:	\$922,736
	Total Project Cost:	\$1,772,736
<p><b>St. John Marina, Island of St. John, Virgin Islands</b></p> <p>The Government of the Virgin Islands' Planning and Natural Resources Division will partner with private investment groups to establish the St. John Marina on the Island of St. John, in the U.S. Territory of the Virgin Islands. This new facility—the first marina on the picturesque Caribbean island of St. John—will provide 96 slips and a boating activity center for eligible transient boaters. Other essential amenities include power and water for eligible traveling boaters.</p>	BIG Grant	\$1,273,689
	Non-Federal Match:	\$ 1,400,000
	Total Project Cost:	\$ 2,673,689

<p><b>Charleston City Marina, Charleston, South Carolina</b></p> <p>The South Carolina Department of Natural Resources will partner with the City of Charleston to add critical new transient dockage capacity to the City Marina. Due to the success of this 2003 BIG-funded facility, the City seeks to expand to meet growing demand for transient facilities along the Atlantic Intracoastal Waterway. The project will add approximately 50 new slips for transient nontrailerable recreational vessels up to 80 feet in length. Additional project features include a visitor’s welcome center, utilities such as power, water, and communications, and high-speed, in-slip fueling infrastructure.</p>	<table border="1"> <tr> <td data-bbox="938 264 1167 302">BIG Grant</td> <td data-bbox="1183 264 1347 302">\$1,496,462</td> </tr> <tr> <td data-bbox="938 333 1167 405">Non-Federal Match:</td> <td data-bbox="1183 333 1347 405">\$2,988,753</td> </tr> <tr> <td data-bbox="938 436 1167 508">Total Project Cost:</td> <td data-bbox="1183 436 1347 508">\$4,485,215</td> </tr> <tr> <td data-bbox="938 508 1167 772"></td> <td data-bbox="1183 508 1347 772"></td> </tr> </table>	BIG Grant	\$1,496,462	Non-Federal Match:	\$2,988,753	Total Project Cost:	\$4,485,215

<p><b>Shattemuc Yacht Club, Town of Ossining, New York</b></p> <p>The State of New York’s Office of Parks, Recreation, and Historic Preservation will support a request from the Shattemuc Yacht Club in Ossining, New York, one of the oldest yacht clubs on the Hudson River. Funds will be used to construct 31 slips and 17 moorings for eligible vessels. Transient boaters will have access to the Club’s existing pump-out services, as well as restrooms, showers, and pool. The state-of-the-art floating concrete structure will be built to withstand high winds and storm surge, and will serve as a harbor of refuge for boaters traveling the Hudson River.</p>	<table border="1"> <tr> <td data-bbox="938 852 1175 890">BIG Grant</td> <td data-bbox="1183 852 1347 890">\$593,501</td> </tr> <tr> <td data-bbox="938 921 1175 993">Non-Federal Match:</td> <td data-bbox="1183 921 1347 993">\$475,824</td> </tr> <tr> <td data-bbox="938 1024 1175 1096">Total Project Cost:</td> <td data-bbox="1183 1024 1347 1096">\$1,069,325</td> </tr> <tr> <td data-bbox="938 1096 1175 1318"></td> <td data-bbox="1183 1096 1347 1318"></td> </tr> </table>	BIG Grant	\$593,501	Non-Federal Match:	\$475,824	Total Project Cost:	\$1,069,325

Total Project Cost:	\$1,069,325								
<p><b>Bayshore Marina, City of Munising, Michigan</b></p> <p>The Michigan Department of Natural Resources will team up with the City of Munising, Alger County, and the Sault Ste. Marie Tribe of Chippewa Indians to add 28 new transient slips and other amenities to the City’s Bayshore Marina. The project will also include extension of an existing L-dock, which will provide protection from northerly and easterly winds. Bayshore Marina is a key stopover and harbor of refuge in an 80-mile section of remote shoreline on the south shore of Lake Superior in Michigan’s Upper Peninsula.</p>	<table border="1"> <tr> <td data-bbox="938 1392 1175 1430">BIG Grant</td> <td data-bbox="1183 1392 1347 1430">\$1,466,577</td> </tr> <tr> <td data-bbox="938 1461 1175 1533">Non-Federal Match:</td> <td data-bbox="1183 1461 1347 1533">\$515,284</td> </tr> <tr> <td data-bbox="938 1564 1175 1635">Total Project Cost:</td> <td data-bbox="1183 1564 1347 1635">\$1,981,861</td> </tr> <tr> <td data-bbox="938 1635 1175 1822"></td> <td data-bbox="1183 1635 1347 1822"></td> </tr> </table>	BIG Grant	\$1,466,577	Non-Federal Match:	\$515,284	Total Project Cost:	\$1,981,861		
BIG Grant	\$1,466,577								
Non-Federal Match:	\$515,284								
Total Project Cost:	\$1,981,861								

**Grassy Sound Marina, Middle Township, New Jersey**

In October, 2012, Superstorm Sandy did major damage to the transient docks and other infrastructure at Grassy Sound Marina in southern coastal New Jersey. The State Department of Transportation’s Office of Maritime Resources will help return the marina to its pre-hurricane condition by providing funds to repair gangways and utilities, re-build the marine fueling facility, and install bathrooms and showers for the benefit of eligible transient recreational boaters

BIG Grant	\$36,364
Non-Federal Match:	\$12,776
Total Project Cost:	\$49,140

**Belmar Municipal Marina, Borough of Belmar, New Jersey**

Superstorm Sandy caused damage to Belmar Marina’s docks and gangways, floating fuel dock, utilities, and other facilities. This marina in northern coastal New Jersey at the Shark River inlet is a critical harbor of refuge for boaters traveling along the coast. The State Department of Transportation’s Office of Maritime Resources will help the municipal marina fix and update damaged components and install a new security system and wifi service.

BIG Grant	\$270,059
Non-Federal Match:	\$94,886
Total Project Cost:	\$364,945

**Silver Cloud Harbor Marina, Forked River, New Jersey**

The New Jersey Department of Transportation’s Office of Maritime Resources will partner with a private marina located on the Forked River, which provides boating access to Barnegat Bay. In anticipation of the reduced availability of transient slips due to damage from Superstorm Sandy, the Silver Cloud Harbor Marina will renovate a section of existing bulkhead to provide six new slips for eligible boaters. Additionally, the marina will install power, water, and ambient lighting for the benefit of eligible users.

BIG Grant	\$65,710
Non-Federal Match:	\$34,290
Total Project Cost:	\$100,000
